To be admitted to your accommodation, there will be a short reception process. Once you arrive to Novalja you will need to make a short stop on one of our Check-In Points according to instructions below. We will validate your voucher and hand out appropriate bracelets to your group. The great thing is that this is the only check-in process for all your activities :) After we finish with the formalities of the check-in your holiday officially starts!

- 2 July: 15:00 - 00:00*

- 8 July before 09:30*

*Early check-out is possible only if communicated with your accommodation provider/owner at least 24h prior to your departure. Late check-out is not possible!

Instructions for arrival

- > Arriving by car: please use your assigned Check-In Point, from there you follow the accommodation provider to the location of your apartment
- > Arriving with our transfer service: you will be dropped off at your assigned Check-In Point and then be driven to the property by the accommodation provider

Check-in process

As said before, to check-in into your accommodation, you first need to arrive at your assigned Check-In Point (see your voucher). A map with locations of all four Check-In Points is in the [Infobook](#), as well as their addresses. At your check-in point, you will exchange your vouchers for the appropriate services and will be escorted to your accommodation. Your accommodation provider/owner will handle your admittance into the accommodation. Please **be sure to get the House Rules** from them and read them in detail together, as they are the most important document for your stay! The House Rules will normally include instructions about the check-out procedure. If they don't, be sure to get them from the provider/owner. You will be presented with all aspects of using the accommodation - do not hesitate to ask the provider/owner if you have questions or something is not clear.

Bring your ID! Every visitor must bring their personal ID or passport for purposes of tourist registration. Bring a printed copy and the check-in process will be much quicker. Inform your friends as well - this is a must for every person staying in Croatia.

Safety deposit will be collected from you in order to guarantee covering costs of possible damages, is always paid per person and usually ranges from 30-50 EUR per person, but can be higher for more luxurious accommodations (even 100-150 EUR per person). You might pay it in EUR or equivalent in Croatian Kuna. All situations in which you can lose your safety deposit will normally be explained in the House Rules. If not, please ask your provider/owner for this information. You should receive your deposit back in the same currency during the check-out process. If you have forgotten to get your deposit, you can notify us in 24h after you have checked-out. After that, your deposit will be non-refundable!

Respect House rules! Upon arrival to the check-in point or accommodation, you will receive the House rules which you must abide by. Please read more below.

Keys. You will receive a single key for your accommodation. Make sure to not lose it and communicate with your friends to not leave them behind the locked doors! Losing the key may result in partial or full loss of the safety deposit (dependent on the policy of the accommodation provider/owner).

Our advice: People of Croatia are very friendly and they will do everything for their guests as long as you treat them and their property with care and respect. Be kind to your accommodation provider/owner, don't break anything and keep the accommodation as clean as possible. Try to resolve possible issues in a relaxed and civil manner.

IMPORTANT: We do not take responsibility and are not in any way liable for the rules and conduct of the accommodation providers/owners, their agents, and staff. In the case of problems, we will do our best to assist you to solve an issue. Our team is available 24/7 for assistance via [HelpDesk](#).
